Coverage - Full Syllabus = Static All Subjects + Current Affairs

This test series will take you through a series of phases, progressively examining your standing in each subject. At the end of each phase our **Artificial Intelligence based algorithm (AI)** will make use of your data to provide insights on your position and standing as per the demand of UPSC Prelims Examination.

Phase 1: Evaluative Phase

This phase consists of **7 Tests and a Cognitive Assessment Questionnaire**. The Cognitive Assessment Questionnaire is a general Questionnaire which you must attempt, because it will help us understand your psyche in terms of confidence, self-efficacy, anxiety etc. and will create a base for our AI driven adaptive platform to provide you with customised and personalised test questions. Rest 7 Tests are untimed and sectional in nature and purpose of them is to gauge your current status of preparation, your understanding of syllabus, your areas of strength and areas of improvement. At the end of this phase, you will receive your **first AI generated comprehensive report card and recommendations**. Work on the recommendation and areas of improvement and move to Phase 2.

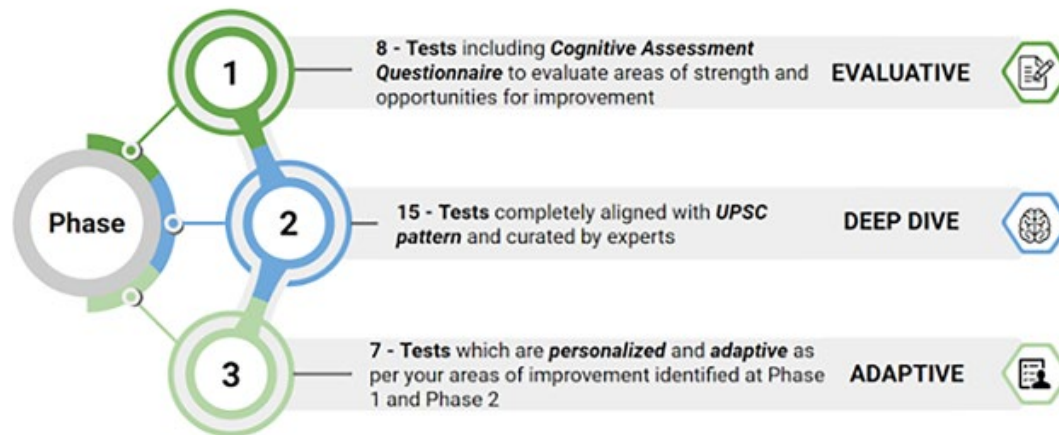

Phase 2: Deep Dive Phase

This phase consists of **15 Tests, 9 Sectional and 6 Full Length**, completely aligned to latest trends of UPSC. The questions are carefully curated by our experts. Compliment your preparation with these tests and simulate UPSC Prelims exam like environment. At the end of this phase, you will receive your **second AI generated comprehensive report card and recommendations**. Work on the recommendation and areas of improvement and move to final phase i.e. Phase 3.

Phase 3: Adaptive Phase

This phase consists of **7 Tests** which are again sectional in nature and are completely aligned to latest trends of UPSC. The AI driven platform adapts to your learning needs identified during Phase 1 and Phase 2 and picks out questions mapped to your areas of improvement. At the end of this phase, you will receive your **third AI generated comprehensive report card and recommendations**.
